The Long Trajectory: The Metaphysics of Reincarnation and Life after Death Dr. Eric M. Weiss

The title says it all. Eric Weiss is going for the gold. I'm watching and believing. -Michael Murphy, Cofounder of Esalen Institute Author of *The Future of the Body* As I read Eric Weiss' *The Long Trajectory*, I am often lifted beyond understanding into ecstasy. Integrating the physical, transphysical, and spiritual dimensions, Weiss offers a metaphysical model that heals the past and opens the door to a new future for humanity. -Dr. Christopher M. Bache, Youngstown State University Author of *Dark Night, Early Dawn* What happens to us after we die? Do we cease to exist? Do we survive bodily death? Do we live again in a new body? Without answers to these questions, we cannot know who and what we really are. In *The Long Trajectory*, author and philosopher Eric Weiss explores these fundamental questions. Inspired by the philosophies of Alfred North Whitehead and Sri Aurobindo, Weiss develops a new metaphysical system he calls transphysical process metaphysics". It rethinks space, time, matter/energy, consciousness, and personality in ways consistent with the findings of science, while providing a coherent explanation for the survival of the personality beyond death and how it can reincarnate in a new body".
