## Animation: A World History: Volume III: Contemporary Times Giannalberto Bendazzi

A continuation of 1994's groundbreaking *Cartoons*, Giannalberto Bendazzi's *Animation: A World History* is the largest, deepest, most comprehensive text of its kind, based on the idea that animation is an art form that deserves its own place in scholarship. Bendazzi delves beyond just Disney, offering readers glimpses into the animation of Russia, Africa, Latin America, and other often-neglected areas and introducing over fifty previously undiscovered artists. Full of first-hand, never before investigated, and elsewhere unavailable information, *Animation: A World History* encompasses the history of animation production on every continent over the span of three centuries.

Volume III catches you up to speed on the state of animation from 1991 to present. Although characterized by such trends as economic globalization, the expansion of television series, emerging markets in countries like China and India, and the consolidation of elitist auteur animation, the story of contemporary animation is still open to interpretation. With an abundance of first-hand research and topics ranging from Nickelodeon and Pixar to modern Estonian animation, this book is the most complete record of modern animation on the market and is essential reading for all serious students of animation history.

#### **Stephen Stansbury:**

As a college student exactly feel bored to be able to reading. If their teacher asked them to go to the library in order to make summary for some e-book, they are complained. Just very little students that has reading's soul or real their hobby. They just do what the trainer want, like asked to go to the library. They go to generally there but nothing reading significantly. Any students feel that looking at is not important, boring as well as can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Animation: A World History: Volume III: Contemporary Times can make you experience more interested to read.
