Kindle MatchBook - Buy the print version and get the Kindle book free!

Thomas Edison's inventions shape every day of a modern man or woman's life. If today you've listened to recorded music, watched a television show or movie, plugged something into an electric socket, had an X-ray, turned on your car, spoke on the telephone, or flicked on an electric light, you have Edison to thank for his pioneering work in these fields, and many more.

Yet Edison is all too often remembered in popular culture only as villain for his feuds with other inventors, most notably the mad genius Nikola Tesla. In this thrilling, compact biography, Alexander Kennedy sorts fact from fiction in the life of the most prolific inventor in human history. We follow Edison, the ultimate self-made man, from his origins as a Michigan telegraph boy to the pinnacle of success as an industrial titan. Along the way, Kennedy carefully explains each of Edison's key breakthroughs as well as the blots on his record, such as his anti-Semitism and his unhappy family life. The portrait that emerges is a man who is neither hero nor villain, sometimes a saint and sometimes a sinner—but always a genius...

"Genius is one percent inspiration and ninety-nine percent perspiration." - **Thomas Edison**

Buy Now to Discover:

From reader reviews:

Karen Plum:

Nowadays reading books be than want or need but also become a life style. This reading addiction give you lot of advantages. Advantages you got of course the knowledge the particular information inside the book in which improve your knowledge and information. The details you get based on what kind of book you read, if you want drive more knowledge just go with knowledge books but if you want experience happy read one together with theme for entertaining for example comic or novel. Often the Edison is kind of e-book which is giving the reader capricious experience.

Cornelius Ryerson:

Are you kind of stressful person, only have 10 or even 15 minute in your day time to upgrading your mind proficiency or thinking skill even analytical thinking? Then you are having problem with the book in comparison with can satisfy your short period of time to read it because all of this time you only find reserve that need more time to be examine. Edison can be your answer given it can be read by a person who have those short extra time problems.

Donald Lewis:

As a scholar exactly feel bored to help reading. If their teacher asked them to go to the library or even make summary for some publication, they are complained. Just small students that has reading's heart or real their passion. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading significantly. Any students feel that reading through is not important, boring and also can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Edison can make you experience more interested to read.

Paul Breen:

What is your hobby? Have you heard in which question when you got pupils? We believe that that concern was given by teacher to their students. Many kinds of hobby, Every person has different hobby. And also you know that little person including reading or as reading become their hobby. You must know that reading is very important in addition to book as to be the issue. Book is important thing to provide you knowledge, except your teacher or lecturer. You see good news or update about something by book. Amount types of books that can you take to be your object. One of them are these claims Edison.
