Fundamentals of Oil and Gas Accounting

Charlotte J Wright

Fundamentals of Oil and Gas Accounting Charlotte J Wright

Professor Charlotte Wright updates her best-selling and widely-adopted accounting book for the oil and gas industry in this sixth edition. The past several years have seen significant changes in the accounting and disclosure rules for the industry. While the book has thorough updates throughout, there are new industry issues specifically addressed from the accounting perspective, making this an indispensable resource for the oil and gas accounting professional. Some of the significant updates and new material include: -Discussion of the significance of shale and unconventional production as it relates to accounting principles - New definitions of reserves from the Securities and Exchange Commission, and the impact on accounting processes -All citations and references align with the updated authoritative literature from the Financial Accounting
