For over 11,000 years, one secret has haunted humanity and shaped its history, a secret so dark that none dare reveal it. But now, a destined young Messiah bent on revenge will unlock the truth of man's origin and discover that vampires do exist, and they control everything.

Rominus: The Initiation is an epic saga that follows the journey of a broken young man named Julian who discovers that his life is more important than he could have imagined and that the world we all know and live in has a secret so sinister it would seem unbelievable if it were not true.

Vampires are real, and they have mercilessly ruled over humanity since the fall of Atlantis.
