The Queen's Soprano Carol Dines

Seventeen-year-old Angelica Voglia loves to sing. But she lives in seventeenth-century Rome, and the pope has forbidden women to sing in public. To make matters worse, her controlling mother is determined to marry her off to a wealthy nobleman, even though Angelica is in love with a poor French artist. Angelica's only hope to sing before an audience--and escape a forced marriage--is to flee to Queen Christina's court, where she will become the queen's soprano. But she soon discovers that the palace walls are not completely secure . . . and her freedom will require an even greater sacrifice than she imagined.
