Theme: girls tackle football

Girls rule! That's what Jasmine Le thinks. And girls can do anything boys can do. But can they play tackle football? Heck yes! Jasmine takes on her whole town to prove that girls can run, jump, and catch a pigskin just as well as boys.

White Lightning Books addresses a wide variety of themes and interests in a narrow range of reading levels, no higher than a 2.5. Middle school is a time of self-discovery, high energy, and hormonal change. It can also be a time of self-assertion and defiance. Students who struggle to read will often not recover from low reading achievement in elementary school if their particular interests are not addressed. Encouragement and finding the theme to hook them is key. There is a broad range of interest and abilities in this age group, even with struggling readers. These are not YA or elementary books a fact younger teens will appreciate.

Each book is approximately 100 pages with covers that will appeal to young teen readers. The titles in the White Lightning series are designed in a similar style. Students will know what to expect when they pick up a book: a fast-paced story, mature and age-appropriate topics, short chapters, and achievable reading success.
