From the authors of *It's No Accident*, the definitive book on childhood toileting troubles, comes a supportive, engaging, highly informative, and cleverly illustrated book for children from preschool through elementary age. Little ones will love Dr. Pooper and the wily rabbit. Older kids will appreciate the respectful tone and amusing illustrations. A must-read for preschool and elementary teachers and family therapists, too! Readers will learn what really causes most accidents: a clogged colon, which presses on and irritates the bladder. The book urges families not wait around for children to outgrow accidents or bedwetting and explains how to make the troubles stop for good. A Q&A with Dr. Hodges at the end explains the research behind his approach. This book is an ideal companion to *It's No Accident*, which explains in detail the therapies described in *Bedwetting and Accidents Aren't Your Fault*.
