## **Child Pornography: An Investigation** Tim Tate

An in-depth investigation into the nature, extent, production and distribution of child pornography, which is the evidence recorded in magazines, film or videotape of child molestation. It ranges from apparently innocent nude photographs to depictions of serious sexual assaults and sadistic torture. The author contends that those who buy child pornography are paedophiles. Without paedophilia there would be no child pornography, but without child pornography the myriad networks of active child abusers would collapse. Child pornography is the oil in the engine of paedophilia. The author also wrote "What's Wrong With Your Rights?"
