## **The Dragon Collector (The Dragon Stalker Bloodlines Saga) (Volume 1) D. K. Drake**

Ready to escape earth and travel to a different dimension, one where dragons exist and people live for hundreds of years?

Then pick up this book and enter the Land of Zandador, part of the dimension God created after the flood to preserve the animals who wouldn't be able to survive earth's post-flood atmosphere. Dawn, Dusk, Noon, and Midnight Dragon Stalkers roam the land, and the loyalty of the dragons lies with the humans who control them: Collectors, Hunters, Protectors, or Destroyers. These four factions are the Dragon Stalker Bloodlines. This book begins the Saga of the Bloodline Heroes.

Javan is one of those heroes from the Collector Bloodline.

But having grown up on earth, the ordinary, lanky teenage boy knows nothing of his heritage, and his biggest dream in life is to impress a girl by playing football. Until he is whisked away to the Land of Zandador.

Here he is no ordinary boy. Here the fate of a nation and all dragons rest on his shoulders. Here he must learn how to ride Dragon Stalkers and unite the four Bloodlines in order to overthrow the Dark King, free the people of Zandador, and save the Dragon Stalkers from extinction.

The Dragon Collector's quest begins when he learns of his heritage and must quickly gain the skills he needs to collect his first dragon...or his long-lost mother is doomed to die at the hand of the Dark King in the Land of Zandador.
