D. A. Azuni

The Maritime Law of Europe. (2 vols.) Translated from the French [by William Johnson]. D. A. Azuni
Important and influential work on maritime law. Originally published: New York: Printed by George Forman for I. Riley & Co., 1806. 2 vols. xxxii, 424; viii, 430, [1] pp. Reprint of the sole American edition and only edition in the English language. This systematic work on the maritime law of Europe was of great influence on the prize laws relating to the legality of the capture of goods and vessels at sea, as well as for the analysis of Rhodian laws and the Consolato del Mare. First published in Italian in 1795-1796 (Sistema universale dei principii del diritto marittimo dell Europa) Azuni's treatise relates rather to maritime international law, properly so called, than to private maritime jurisprudence... It points out what is always of the highest importance to the diligent inquirer after truth, the sources of information upon maritime jurisprudence... The English translation from the French, by William Johnson is excellent, and his notes show a familiarity and accurate acquaintance with legal and classical antiquities. : Marvin, Legal Bibliography (1847) 82.
