Transfusion Medicine's Emerging Positions: Transfusion Safety Officers and Patient Blood Management Coordinators AABB Press

As health-care organizations become more aware of the value and impact of patient blood management (PBM), there is a growing need for individuals with the knowledge and training required to manage PBM programs and address the full spectrum of transfusion safety. This book is intended to provide guidance on such positions (whether hospital-based or blood-center-based) the professionals who make good candidates, the scope of their responsibilities, their key role in improving patient outcomes, and the influence they have on various hospital departments. Also included is a CD containing sample job descriptions and a template for a business case for such positions.

(AABB Press, 2013, soft cover, 106 pages)
