Arc Welding

John R. Walker, W. Richard Polanin

Arc Welding John R. Walker, W. Richard Polanin

The Arc Welding write-in text provides comprehensive coverage of the shielded metal arc welding (SMAW) and carbon arc welding (CAW) processes. The book is divided into 36 units, which progress from weld shop safety and basic welding theory to out-of-position and specialized welding techniques. The book's clear language and easy-to-understand illustrations promote student learning, while the write-in design of the book allows the instructor to monitor and evaluate student progress throughout the course. The topics covered in the book prepare students to successfully complete the Written Knowledge and Workmanship Performance Tests for Module 4 of AWS SENSE Level 1–Entry Welder certification.
