**EDDIE SMITTY'Z Medical Calendar Journal (Volume 1)** Mr. Edward J. Smith

Makes a great gift for any occasion! This 400 page calendar is designed as a journal with each page representing a full day for keeping daily records on health issues. It allows a patient to have their doctor, dentist and emergency contact information on hand in cases of emergencies. If a patient's doctor(s) need information on issues the patient's mentioned to them; this journal allows that patient the ability to go directly to the recorded page(s) date explaining the issue in detail. It has lines for the patient to list medications on, as right beside the medication(s) name(s) are time slots. These time slots are for recording the patient's medication intake which helps the patient by preventing their missing taking their medications. Also by the patient's showing their journal to their doctor(s) on visits, it helps reassure their doctor(s) their medications are being taken as prescribed on timely bases. So from day-to-day, week-to-week, month-to-month and year-by-year, a patient should keep a recorded record that can always be depended upon when needed. Each year's journal can be stored on a bookshelf for safe keeping and easy excess. Just what the doctor ordered!
