My Heart Julie Manning

What if you were told there's a possibility you would not be alive to see this afternoon or wake up tomorrow morning? Do you think you would live differently? How would this reality affect every single moment of the life you have been given?

Julie Manning was in the middle of giving birth to her second child when doctors noticed an irregularity in her heartbeat. Within six weeks, tests revealed it was no one-time occurrence. This ultra-capable mom, wife, marathon runner, and pediatric nurse practitioner was in active heart failure, finding herself at risk for experiencing a sudden cardiac death.

My Heart is the first-person account of Julie's journey from then to now—from a healthy woman's normal expectations and self-reliance to the surrendering of her dreams, plans, and deepest desires into the hands of our unchanging God. Part retelling and reflection, part in-the-moment prayer journal, her story takes you with honest vulnerability into the jaws of fear and suffering, and speaks realistic hope into your own story, leaving you with well-fought, well-placed confidence for the road ahead. It's what her heart would like to say to you . . . about the faithful, loving, impeccably trustworthy heart of God.
