Anything Can Be Healed Martin Brofman

An incredible and revolutionary book full of powerful healing methods, techniques and tools anyone can use!

"I released myself from a terminal illness which traditional medicine had considered hopeless - untreatable - and returned to perfect health. I believe we are all healers, and somewhere deep inside we know that anything can be healed."

Martin Brofman, PhD.

Are you 100% fit and healthy, 100% of the time, in both body and mind? Then this book may not be for you. This is a book for the rest of the population, those who are occasionally or frequently plagued by dis-ease, be it minor or major, acute or chronic. This is a 'how to' book filled with techniques that can be used by anyone -- professional healers, practitioners, therapists and their clients alike.

Martin Brofman has developed a system of healing that effectively and seamlessly blends Western psychology and Eastern philosophies. His groundbreaking work on chakras and their connection to both mind and body allows us to read the body as a map of the consciousness, tracking routes from symptoms through to causes and then working with them. Learn these techniques and you may well nip in the bud potential future ailments, too.

Anything Can be Healed explores the ideas that 'how' we are physically is a reflection of 'who' we are and 'how' our life is. It empowers us to make changes and to take responsibility for our health and well-being. Martin is living proof of the power of his own techniques.

You only have one body -- look after it!
