- Dave Sim is both one of the most important and polarizing cartoonists in comics history. His groundbreaking *Cerebus* ran for 300 issues, each written and drawn by Sim — a monumental achievement! Now, through IDW Publishing, Sim's beautiful covers are reproduced in an archival, over-sized hardcover, and many of the illustrations have been scanned from Sim's personal collection of his original art. Also collected are roughs, color guides, sketches, and other historical images that chronicle this very important artist's creative process.
