Hegira (The Brin Archives) (Volume 1) Jim Cronin

His species became extinct decades before the aliens rescued and cloned him, but he still must do everything he can to save them all. Karm must travel back in time, create the most powerful financial empire ever seen on the planet Dyan'ta and assemble a team of experts who must be kept in the dark about his plans for fear of upsetting the timeline. Dr. Jontar Rocker is an up and coming geneticist whose untested and controversial theories on cloning become the lynch pin in Karm's schemes. Maripa, Karm's petite and beautiful surrogate niece, personal secretary, and deadly bodyguard must learn to trust Karm despite his deceptions and secrets. Can the emerging love between Dr. Rocker and Maripa survive the demons and surprises of their own past, as well as Karm's impenetrable air of mystery? Karm and his companions must save the Brin. To do so, they must band together to overcome Brach, the ambitious and obsessed monarch. Determined to take control of Karm's vast industrial empire, Brach joins forces with his conniving brother Pareth, leader of The Faith an ultra-conservative religious order committed to stopping Dr. Rocker and his heretical efforts to develop cloning techniques. Nothing less than survival of their species is at stake.
