The Social Costs of Pornography: A Statement of Findings and Recommendations Mary Anne Layden
Since the beginning of the internet age, pornography has been consumed in greater quantities than ever before in human history, and its content has grown more graphic. Recent research suggests that pornography consumption - especially consumption of a more hard-core or violent sort - has negative effects on individuals and society. More studies are necessary, but a growing body of research strongly suggests that for some users pornography can be psychologically addictive, and can negatively affect the quality of interpersonal relationships, sexual health and performance, and social expectations about sexual behavior. Widespread pornography consumption appears to pose a serious challenge to public health and to personal and familial well-being. With concerted action from legislators, the therapeutic community, educators, policymakers, and responsible corporate leaders, however, some of the negative effects of pornography consumption can be combated. This monograph, *The Social Costs of Pornography: A Statement of Findings and Recommendations*, is the fruit of an inquiry begun at a consultation held in Princeton, New Jersey, in December 2008, sponsored by the Witherspoon Institute and cosponsored by the Institute for the Psychological Sciences. This consultation, which sought to estimate the social costs of pornography, was the first multifaceted, multidisciplinary, scholarly exploration in the internet age of a subject that is critically important to the health and well-being of many Americans: the hidden but real social toll of the current consumption of pornography - especially internet pornography - on an unprecedented scale.

From reader reviews:

Arthur Elsberry:

The particular book *The Social Costs of Pornography: A Statement of Findings and Recommendations* has a lot of details on it. So when you read this book you can get a lot of help. The book was published by the very famous author. The writer makes some research previous to write this book. That book is very easy to read you can get the point easily after reading this article book.

Ines Patterson:

Precisely why? Because this *The Social Costs of Pornography: A Statement of Findings and Recommendations* is an unordinary book that the inside of the guide waiting for you to snap that but latter it will jolt you with the secret that inside. Reading this book close to it was fantastic author who all write the book in such amazing way makes the content interior easier to understand, entertaining way but still convey the meaning fully. So, it is good for you because of not hesitating having this nowadays or you going to regret it. This book will give you a lot of rewards than the other book have such as help improving your expertise and your critical thinking method. So, still want to delay having that book? If I had been you I will go to the reserve store hurriedly.

Ruth Barr:

As a university student exactly feel bored to be able to reading. If their teacher expected them to go to the library or to make summary for some reserve, they are complained. Just minor students that has reading's internal or real their hobby. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that looking at is not important, boring along with can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this *The Social Costs of Pornography: A Statement of Findings and Recommendations* can make you really feel more interested to read.

Lisa Shumaker:

Many people said that they feel bored when they reading a publication. They are directly felt the idea when they get a half areas of the book. You can choose often the book *The Social Costs of Pornography: A Statement of Findings and Recommendations* to make your own reading is interesting. Your own personal skill of reading ability is developing when you including reading. Try to choose very simple book to make you enjoy to read it and mingle the idea about book and studying especially. It is to be 1st opinion for you to like to open a book and read it. Beside that the publication *The Social Costs of Pornography: A Statement of Findings and Recommendations* can to be your brand-new friend when you're really feel alone and confuse in doing what must you're doing of this time.
