While America Slept: Restoring American Leadership to a World in Crisis Robert C. O'Brien

Robert C. O'Brien's collection of essays on U.S. national security and foreign policy, with a forward by Hugh Hewitt, is a wake up call to the American people. The world has become steadily more dangerous under President Obama's "lead from behind" foreign policy. The Obama Administration's foreign policy has emboldened our adversaries and disheartened our allies. Indeed, Obama's nuclear deal with Iran is a 1938 moment. At the same time, the U.S. military has been cut and risks returning to the hollow force days of the 1970s. O'Brien lays out the challenges and provides the common sense "peace through strength" solutions that will allow the next president to make America great again.
