Like pissing in the wind, it might not be advisable, but sometimes you've just got to give it a try. TWAT! It's a pregnant fish is an adventure comedy where three guys experience trauma in their lives, coming together to face their fears under the supervision and guidance of the eccentric and outrageous Professor Jebsworth. As an alternative approach to counselling, the group travel the world: building bonds, breaking hearts and learning about their inner selves in the process. Best not to mention the sexual deviancies here... Follow the journey of a sex obsessed idiot, a drug addicted genius, a gentleman blinded from love by his innocence and an outrageously pompous Cambridge Don across Europe, Asia and North America. Not for the faint hearted, this novel combines twisted-romance, personal-adventure, self-exploration and cultural-appreciation filled with laughs along the way. Expect to be entertained, astounded and in places, highly offended as you join this unlikely bunch on their personal mission to self-actualise.
