*I had thought there was a lot of freedom being a good student, being trusted, being given special privileges, but that was nothing compared to the freedom I felt now. Once people gave up on you, once people wrote you off, now that was freedom.*

Max Caldwell is tired. He's tired of having a "perfect" girlfriend, he's tired of worrying about college applications, and he's tired of always doing what he's supposed to do. So for the first time, dependable, reliable Max steps back from his Mr. Perfect, straight-A life to see what happens when he lets go for a while. He learns quickly that his new approach to life won't bring all the answers, but it sure raises a lot of interesting questions. This fast-paced novel introduces a fantastic cast of characters, from downtown Goth kids to preppy suburbanites, seen through the eyes of a seventeen-year-old who's trying to figure it all out.
