Cigarette Sue is an interesting story about five young girls and their very first experience smoking cigarettes. After some effective peer pressure from their friend Sandy, the girls try some of her cigarettes. They decide to play a smoking game only to realize that the game goes terribly wrong. Sue and her friends quickly conclude that smoking makes them nauseous and sick, causes them to smell horribly and subsequently earns them disapproval from Sue's mother for their foolish behavior. After some pointed questions and clear guidance from her mother, Sue decides that smoking is not something she wants to continue. She instead seeks her mother's approval and continued good health instead of smoking. This book is appropriate for children in grades one to five.
