## Modernism (Routledge Revivals) Peter Faulkner

First published in 1977, this book focuses on Modernism, one of the most frequently used terms in the discussion of twentieth-century literature and culture. It provides an historical account of the concept, showing the relation of Modernism to Victorian culture and uses the work of Henry James and W. B. Yeats in its analysis. The text focuses on the time period between 1910 and 1930 and considers the criticism of T. S. Eliot and Virginia Woolf, Joyce's *Ulysses*, Pound's *Hugh Selwyn Mauberley* and the complex relationship of D. H. Lawrence to Modernism. The author also includes a section on developments since 1930 to show both the value of Modernism as a critical term, and the problems of achieving an exact usage.
