Sculpture (Nude Calendar) The human form was a central theme in Greek and Roman art. Man as a representative of society, rather than man as an individual, was the model for sculpture at this time. A universalised ideal of beauty reflected physical and spiritual harmony in the sculptures. In this unique calendar, it is precisely this art form that the photographer embraces. Well-built models with the right proportions remind us of antique statues as they show off their stylish bodies in an almost God-like way. Some of them look as though they have been chiselled from stone, others resemble sculptures with their heroic poses, appearing naked, just as God created them. A tasteful calendar that invites its viewers to dream in another time. Calvendo calendars are premium products - a bit more pricey than others but with added benefits: Our calendars always look beautiful on your wall because we produce them locally with premium paper and sophisticated spiral binding, ensuring easy turning of pages and flat hanging against the wall. A protective transparent plastic cover sheet provides added stability. Treat yourself to a Calvendo calendar and you get something that looks better all year round.
