A Lounger at the Clubs

The Gentleman's Art of Dressing with Economy A Lounger at the Clubs

"Do not wear the same trousers two consecutive days. If you have a good stock, keep a roster, and let the first for duty take its turn. By this means they will always look fresh, and not hackneyed."

First published in 1876, *The Gentleman's Art of Dressing with Economy* is an indispensable guide to how to look good on a budget. Dressing as a gentleman, we learn, requires far more than throwing money at the latest fashions; a more prudent and knowledgeable approach is necessary. Written by the enigmatic "A Lounger at the Clubs," the book takes the modern-day reader back to a time of fashionable London West End clubs in Piccadilly and Pall Mall where appearance was everything. From this we learn the essential characteristics of true gentlemanly dress and then, through a consideration of each article of clothing, how this look can be successfully achieved on a less generous budget. The combination of dry Victorian wit and genuinely sound advice makes this book the ideal gift for the modern-day man who is seeking to smarten his appearance while also tightening his financial belt.
