The Text, the Play, and the Globe: Essays on Literary Influence in Shakespeare's World and His Work in Honor of Charles R. Forker (The Fairleigh Dickinson ... Press Series on Shakespeare and the Stage)

The purpose of this book is to honor the scholarly legacy of Charles R. Forker with a series of essays that address the problem of literary influence in original ways and from a variety of perspectives. The emphasis throughout is on the sort of careful, exhaustive, evidence-based scholarship to which Forker dedicated his entire professional life. Although wide-ranging and various by design, the essays in this book never lose sight of three discrete yet overlapping areas of literary inquiry that create a unity of perspective amid the diversity of approaches: 1) the formation of play texts, textual analysis, and editorial practice; 2) performance history and the material playing conditions from Shakespeare's time to the present, including film as well as stage representations; and 3) the world, both cultural and literary, in which Shakespeare and his contemporaries worked and to which they bequeathed an artistic legacy that continues to be re-interpreted and re-defined by a whole new set of cultural and literary pressures. Eschewing any single, predetermined ideological perspective, the essays in this book call our attention to how the simplest questions or observations can open up provocative and unexpected scholarly vistas. In so doing, they invite us into a subtly re-configured world of literary influence that draws us into new, often unexpected, ways of seeing and understanding the familiar.
