Crimson Son Russ Linton

Heart pounding action and an emotional coming of age tale narrated by a "kid" with enough snark to claim it as his own superpower, *Crimson Son* delivers on all fronts.

His mother kidnapped, his superhero father absent, powerless Spencer Harrington faces a world of weaponized humans to prove himself and find the truth.

Nineteen-year-old Spencer is the son of the Crimson Mask, the world's most powerful Augment. Since witnessing his mother's abduction by a psychotic super villain two years ago, he's been confined to his father's arctic bunker. When the "Icehole" comes under attack from a rampaging robot, Spencer launches into his father's dangerous world of weaponized human beings known as Augments.

With no superpowers of his own save a multi-tool, a quick wit and a boatload of emotional trauma, Spencer seeks to uncover his mother's fate and confront his absentee superhero father. As he stumbles through a web of conspiracies and top secret facilities, he rallies a team of everyday people and cast-off Augments. But Spencer soon discovers that the Black Beetle isn't his only enemy, nor his worst.

Critics agree, *Crimson Son* is a 5 star novel that redefines the superhero genre!
