**Estimating With Excel: Unlocking the Power for Home Builders, 2nd Edition** Jay C. Christofferson

If you want a simple, step-by-step guide to improve the accuracy and speed of building estimates, *Estimating with Microsoft Excel* was written for you. Author Jay Christofferson, a recognized expert in computerized estimating, teaches you how to build a fully customized estimating program that addresses your specific estimating needs. Create estimates that are powerful and reliable enough for your most important management decisions. Loaded with detailed instructions— from programming basic formulas to automating Excel to integrate with other software packages— *Estimating with Microsoft Excel* will show you how to set up an accurate, efficient estimating system. Examples from the text, templates you can use to set up your estimating system, and a demo of EstimatorPRO are included on the CD.

#### **William Vong:**

As a college student exactly feel bored to be able to reading. If their teacher questioned them to go to the library in order to make summary for some publication, they are complained. Just very little students that has reading's heart and soul or real their leisure activity. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that reading through is not important, boring as well as can't see colorful images on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we want. Likewise word

says, ways to reach Chinese's country. Therefore this Estimating With Excel: Unlocking the Power for Home Builders, 2nd Edition can make you experience more interested to read.
