Kerry has a deep seated fetish. She constantly imagines herself as a Puppy-girl, but has never had the opportunity to play out her fantasy. That is until she visits the vet, Doctor Cortney. The young writer calls on him one evening to discuss another matter and ends up disclosing her secret fantasy. The vet seizes the opportunity and coaxes her out of her clothes and onto the examination table. One thing leads to another and to complete her fetish he tricks her into wearing a puppy suit that is more than play wear – it's permanent wear! Once trapped within the realistic pelt, Kerry is unable to stop the vet from starting to train her with a brutally firm hand. Doctor Cortney treats her like an animal, putting her food in a bowl on the floor and taking to the bottom of the garden to relieve herself. But, he has only just begun, because the vet has something much more extreme in mind for Kerry. This novel is only suitable for mature adults over the age of 18.
