Description

Shows you what really causes radical Islam, the rise of the far right and far left. Why radicalisation is on the increase and set to get worse and why Marxists are the useful idiots in revolutionary conspiracy.

Conflict is caused by what others believe and make happen, its a case of know the enemy, know yourself or lose.

The people responsible knew all along how it would end. They really don't want you to know yourself, it's what they fear most! And they certainly don't want you to understand them either. Religion isn't what they teach in school!

This isn't a commentary on the "rivers of blood" speech or a biography about Enoch Powell. Its why Enoch Powell was right!

From the back cover

"Have you ever wondered, perhaps, why opinions which the majority of people quite naturally hold are, if anyone dares express them publicly, denounced as 'controversial', 'extremist', 'explosive', 'disgraceful', and overwhelmed with a violence and venom quite unknown to debate on mere political issues? It is because the whole power of the aggressor depends upon preventing people from seeing what is happening and from saying what they see."

Enoch Powell Speech to the Turves Green Girls School, Northfield, Birmingham (13 June 1970)
