The British Medical Association Children's Symptoms H.B. Valman

Using question-and-answer charts, this work provides a guide to the identification and treatment of children's symptoms, including essential first-aid. The 40 easy-to-follow symptom charts enable readers to identify problems readily and make informed decisions about what to do. Where appropriate, descriptions of symptoms are accompanied by illustrations such as rashes or skin conditions. The symptoms chart also directs readers to the appropriate pages in the diseases and disorders section. This section gives information about the important childhood diseases and disorders, and gives advice on appropriate self-help treatment and describes any medical tests and treatments that may be necessary. Step-by-step instructions show how to handle an emergency and give first aid when necessary. The section on home nursing includes instructions for taking a child's temperature and administering medicine to a baby, and gives tips for ensuring a fast recovery.
