The Sands of Santa Rosa

Tommie Lyn

The Sands of Santa Rosa Tommie Lyn

An island beach with pristine white sands... a man with a supernatural gift... a precocious five-year-old girl... and a looming danger.

Mattie Sands goes to the beach almost every day, because her five-year-old daughter, Sara, loves the warm Gulf waters and white sand of Santa Rosa Island. And, it's a safe place for the little girl to play...isn't it?

An environmental group sabotages an oil platform, and the resulting explosion creates a spill. A scientist has genetically engineered an oil-eating bacteria, giving it a rapid rate of growth, and the CEO of the oil company releases the bacteria into the Gulf of Mexico in hopes it will clean up the spill before the public knows about it. But a well-intended action can have unintended consequences, and the bacteria creates a disaster no one could have foreseen.

Cotton Chastain, who has the Second Sight, hears about the explosion in the Gulf and heads for Louisiana to make sure his brother, who works on the platform, is safe. But he comes to an exit on the interstate that leads to the Florida beaches. And a premonition of danger makes him forget his original plans and leads him to the beach.

Who is in trouble and why? And will Cotton figure it out before it's too late?

If you like thrillers and suspense, you'll enjoy this page-turner.

From reader reviews:

Arlene Oliver:

The book The Sands of Santa Rosa can give more knowledge and also the precise product information about everything you want. Why must we leave a good thing like a book The Sands of Santa Rosa? Wide variety you have a different opinion about reserve. But one aim that book can give many information for us. It is absolutely right. Right now, try to closer with the book. Knowledge or details that you take for that, you could give for each other; you are able to share all of these. Book The Sands of Santa Rosa has simple shape but you know: it has great and large function for you. You can search the enormous world by open and read a book. So it is very wonderful.

Julio Yates:

Reading a publication can be one of a lot of task that everyone in the world adores. Do you like reading book consequently. There are a lot of reasons why people love it. First reading a reserve will give you a lot of new data. When you read a guide you will get new information due to the fact book is one of numerous ways to share the information or maybe their idea. Second, reading through a book will make a person more imaginative. When you reading through a book especially fiction book the author will bring one to imagine the story how the figures do it anything. Third, you could share your knowledge to some others. When you read this The Sands of Santa Rosa, it is possible to tells your family, friends in addition to soon about yours book. Your knowledge can inspire the mediocre, make them reading a e-book.

Leola Grant:

The particular book The Sands of Santa Rosa has a lot details on it. So when you make sure to read this book you can get a lot of advantage. The book was published by the very famous author. The writer makes some research just before write this book. This particular book very easy to read you will get the point easily after perusing this book.

Lashunda McCloud:

As a pupil exactly feel bored to reading. If their teacher questioned them to go to the library in order to make summary for some reserve, they are complained. Just minor students that has reading's soul or real their hobby. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that looking at is not important, boring and also can't see colorful pics on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this The Sands of Santa Rosa can make you feel more interested to read.
