Cold Case Confession: Unravelling the Betty Ketani Murder Alex Eliseev

'... if you are reading this then I am dead.'

This is the opening line of a letter hidden under a carpet for a decade. The chilling words are followed by a confession to a murder committed nearly 13 years earlier. The chance discovery of the letter on 31 March 2012 reawakens a case long considered to have run cold, and a hunt begins for the men who kidnapped and killed Betty Ketani – and were convinced they had gotten away with it. The investigation spans five countries, with a world-renowned DNA laboratory called in to help solve the forensic puzzle. The author of the confession letter might have feared death, but he is very much alive, as are others implicated in the crime.

Betty Ketani, a mother of three, came to Johannesburg in search of better prospects for her family. She found work cooking at one of the city's most popular restaurants, and then one day she mysteriously disappeared. Those out to avenge her death want to bring closure to Betty's family, still agonising over her fate all these years later.

The storyline would not be out of place as a Hollywood movie – and it's all completely true. Written by the reporter who broke the story, *Cold Case Confession* goes behind the headlines to share exclusive material gathered in four years of investigations, including the most elusive piece of the puzzle: who would want Betty Ketani dead, and why?

'Wonderful, evocative and vivid writing. Eliseev is a very exciting new talent.' – **Peter James**

'This case is like an Agatha Christie whodunnit: abduction, murder and a confession.' – *Carte Blanche*

*'A relentless search for truth and justice. *Cold Case Confession* is a story that inspires confidence in the system and affirms that, indeed, we are all equal before the law.'* – **Thuli Madonsela**
