**Reflective Practice in Supervision** Daphne Hewson, Michael Carroll

The best teachers are not outside of us - they are inside. Collaborative reflection in supervision can transform our experiences into learning.

This practical book details three stances of reflective supervision:

1. noticing what's happening (the Mindful Stance),
2. analysing it and unpacking the assumptions that underpin it (the Consideration Stance) and
3. putting this learning into practice so that it becomes routine (the Consolidation Stance).

Daphne Hewson and Michael Carroll highlight the importance of Reflective Space as one of six supervisory spaces (the others are Directive, Evaluative, Passive, Restorative and Active Space). They provide guidelines on creating safe Reflective Space and how to use a range of mini-tools to invite practitioner's to learn from their professional experiences. The book is written for both supervisors and practitioners - it takes two to tango.
