The Big Book of Care Plans: Best Practices for Interdisciplinary Assessments and Care Planning, Second Edition Debbie Ohl RN LNHA

Updated with new sections on restorative care, pain, and medications!

The Big Book of Care Plans, Second Edition contains more than 100 modifiable resident-centered care plans. It breaks down the process and explains how the Minimum Data Set and Resident Assessment Protocols drive care planning. The tools and sample care plans inside encourage your team to write problems, goals, and interventions to promote a user-friendly plan of care and, ultimately, reflect the care given to the resident.

Much more than a compilation of sample care plans, **The Big Book of Care Plans, Second Edition** provides a comprehensive system to streamline your care planning process. This quick-reference care planning encyclopedia illustrates how staff members can work together to develop a resident-centered care plan. It's packed with indispensable advice and tools you'll use every day.

What's new in the second edition?

- Sections devoted to care planning for restorative care, pain, and medications
- Area-specific evaluation forms
- Insight into high risk areas for negative resident outcomes
- User-friendly, spiral-bound format
